**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a competitive provider because it is cheaper than other offers from bigger companies. Thanks to the competition, ATT and Comcast had to realigned their offers and were forced to provide affordable offers. We do rely a lot on Internet nowadays. Landlines are a thing of the past. We use VoIP. We use optical fibers for fast internet, and video streaming. It is now a critical need for numerous of people.

This bill will only introduce price hikes that will increase the cost of internet and telephone services in favor of bigger companies, killing all competition, that can lead only to a monopoly and no connection to rural areas.
